

BECOME A SPONSOR

for the 11th International Particle Toxicology Conference in Singapore

26 - 30 September 2016

About

The International Particle Toxicology Conference is one of the longest standing scientific meeting series in its field.

It started with a first conference in the UK in 1979 and has since been held 10 times. The 2016 conference in Singapore will be the first IPTC in Asia. The conference is an intimate meeting of thought leaders and the best researchers in their respective field. The meetings are a place where new ideas are discussed and cultured, and where new initiatives are prepared and launched.

Who can become a sponsor

We cordially invite companies, governments, professional societies, and individuals to become sponsors. Please note that we accept funds only from companies whose business activities are compatible with the work of the World Health Organization (e.g. no funds accepted from tobacco companies).

Contact Michael Riediker at [info\(at\)iptc2016.sg](mailto:info@iptc2016.sg) for more information and to become a sponsor.
